Contract Item #5 – Construction Administration

Review shop drawings and materials for consistency with the proposed design. Work effort does not include bid reviews or specification preparation.

Estimated Hourly Fee = \$2,200.00

TERMS

Costs for traffic counts, intersection analyses, multiple hour signal warrants, traffic control plans, signal coordination plans, bid document preparation, and roadway improvements/modifications are not included in this work scope. The contractor shall be responsible for catalog cuts, shop drawings, pole calculations, soil tests, and foundation designs.

If this proposal is acceptable, please indicate, in the space provide below, the corporation, partnership or other entity, authorized to transact business in the Commonwealth of Virginia which will be a party to this agreement, provide the signatures of its authorized representative and return one (1) executed copy. The executed proposal will serve as our agreement for professional services to be rendered and shall be interpreted in accordance with the laws of the Commonwealth of Virginia.

The above work will be performed pursuant to the conditions defined by PHR+A's Open End Contract with Stafford County Public Schools dated October 30, 2002.

Respectfully Submitted,
PATTON HARRIS RUST & ASSOCIATES, pc
A Professional Corporation

John D. Hash, P.E.
Vice President

Perry C. Medley
Project Engineer
